About New Horizons for Children

New Horizons for Children is an International Orphan Hosting Ministry which identifies orphans from Russia, Latvia and Ukraine to bring to America to be hosted by loving families twice a year, Christmas and Summer. While here, the orphans have a functional family experience modeled for them; gain unconditional love and a boost in their own self worth. Without this opportunity, many of these older and special needs orphans would never have the second chance they so desperately desire. In 2008, NHFC hosted 220 orphans in over 20 different states. This summer, we are hosting 115 orphans. We ask you to consider supporting the wonderful children we serve with an your attendance and support!
