

Suggested Donations for Orphan Gifts

Thank you for considering a gift collection for orphans!

Christmas is a great time of the year to setup an "Orphan Angel Tree" in your school or church. Create individual ornaments for each of the items below, then those ornaments can be selected off the tree until all requests have been selected. Have a collection box for participants to return their items. Or, along the same lines, consider a "Christmas in July" mission project and collect items in summer, but in keeping with a Christmas theme! Perhaps your child has suggested they forego additional birthday gifts and instead request gifts for orphans be brought to his/her party. Any time of the year is a great time for this wonderful mission opportunity. Children and youth will enjoy selecting items and returning them to your drop box location.
