About God... About Hope... About Trust

Your family could impact eternity this Christmas! Christian families can invite an orphaned child from Latvia, Russia or Ukraine to stay in their home for 4 weeks this winter. Being included as a member of a family, receiving unconditional love and nurturing, gives an orphan HOPE for a better future. Learning they do have a Father, the same Father in heaven who loves us all, gives an orphan the promise they are never alone. Witnessing your congregation being the hands and feet of God, gives an orphan their first glimpse into the abundance of God's Love. Extend your hand, open your home, share your heart with an orphaned child this winter!
